

Statement of the Manufacturer

REACH Declaration in accordance with Regulation (EC) No. 1907/2006

imc Test & Measurement GmbH (imc),
Voltastr. 5, 13355 Berlin, Germany
hereby declares

On June 1st, 2007, Regulation (EC) No. 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) entered into force.

imc is a manufacturer of electronic products and, under REACH, is classified as a "downstream user". You receive only non-chemical products (articles) from us. Under normal and reasonably foreseeable conditions of use, no substances should be released from the products you receive.

imc is therefore generally not subject to the registration obligation under REACH nor to the requirement to provide safety data sheets.

As a manufacturer of measuring instruments, we fulfill our information obligations under Article 33 of Regulation (EC) No. 1907/2006 (REACH).

Identified SVHCs in our products:

According to the current state of our knowledge and based on information from our suppliers, certain substances included in the ECHA Candidate List of SVHCs (as of August 2025) may be present in individual components of our products in concentrations above 0.1% by weight.

Component	Substance	CAS No.
CRYSTAL	Diboron trioxide	1303-86-2
HDD	Lead	7439-92-1
HDD	Lead titanium zirconium oxide	12626-81-2
Cable	Lead	7439-92-1
Screw	Lead	7439-92-1
Antenna	Lead	7439-92-1
Batterie (z. B. CR-2032L/BE)	1,2-Dimethoxyethan (EGDME)	110-71-4
General	2,2'-Methylenbis(4-methyl-6-tert-butylphenol)	119-47-1
General	Tetrabrombisphenol A	79-94-7

Other substances on the SVHC candidate list, but with a concentration of < 0.1% by mass ⁱ:

Component	Substance	CAS No.
LED	Hexahydromethylphthalic anhydride	25550-51-0
Antenna	2-methyl-1-(4-methylthiophenyl)-2-morpholinopropan-1-one	71868-10-5
General	Triglycidylisocyanurat	2451-62-9

Examples of applications within our devices:

- Lithium-bromide cells (e.g., CR-2032L/BE) contain EGDME (CAS 110-71-4)
- Lead (CAS 7439-92-1) may be present in cables, screws, antennas, memory cards
- LED components may contain SVHC substances (e.g., CAS 25550-51-0)

Our suppliers are actively involved in the information process. We regularly request REACH-compliant material declarations.

To the best of our knowledge and based on the information currently available from our suppliers, no other substances from the current ECHA Candidate List are present in our products in concentrations above 0.1% by weight beyond those listed above.

We undertake to inform you immediately in accordance with Article 33 REACH in the event of new findings or changes in legal requirements.

This declaration is made to the best of our knowledge and based on currently available data. We accept no liability for information beyond our knowledge or control.
